

Before Listening: Take a Peek

- Review the title of the audio.
- Identify the topic.
- Think about what you already may know about the topic.
- Write down what you may already know about this topic

First Listen: Listen to Identify.

- Listen to the whole audio to get a general understanding of what is being presented.
- Write down any words that you did not understand or any items that might have stood out.

Second Listen: Listen to Understand

- Listen again, but this time pausing to jot down
 - Main ideas
 - Key details and evidence presented
 - Any type of steps that may occur

Third Listen: Listen to Connect

- Listen again, but this with a focus on connecting the details to content, and personal experiences

*3 Listens Strategy is the baseline for student interaction with asynchronous content. It is adaptable to meet grade level rigor and expectations.
